Career Objective

Computer Science undergraduate with a strong interest in cybersecurity and offensive security, skilled in networking fundamentals, Python, and vulnerability analysis. Experienced in building practical security tools, including a real-time URL and file safety scanner, with hands-on exposure to threat-intelligence APIs and security tool development. Seeking to apply and grow these skills in a penetration testing or cybersecurity analyst role.

Education

B.Tech in Computer Science & Engineering (Cyber Security) *Expected Graduation: 2028*
Koneru Lakshmaiah University (KLH), Hyderabad CGPA: 8.34 / 10

Technical Skills

- **Programming Languages:** Python
- **Web Development:** HTML, CSS, JavaScript
- **Tools & Platforms:** Power BI, Git, GitHub
- **Core Concepts:** Data Structures, Data Analysis, Visualization, Problem Solving

Experience

Data Analyst Intern — StepUp for SDG *1st May '26 – 31st June '26*

- Analyze and clean datasets to support social impact and sustainability initiatives.
- Create dashboards and visualizations to generate actionable insights.
- Contribute to an ongoing analytics project involving data collection, reporting, and trend analysis.

Projects

SafeCheck – Real-Time URL & File Safety Scanner

- Built a Flask-based web dashboard that checks URLs and files for safety in real time by querying VirusTotal, URLhaus, and AbuseIPDB threat-intelligence APIs.
- Designed a weighted verdict-scoring system that combines results from multiple independent threat sources into a single Safe / Suspicious / Malicious classification.
- Implemented secure file handling using SHA-256 hashing with no file execution, hash-first API lookups to minimize uploads, and local scan history storage using SQLite.

Certifications

Generative AI for All – Infosys Springboard

- Learned Generative AI fundamentals, prompt engineering, and modern AI applications.

Leadership

NCC Army Wing Cadet *2024 – 2027*

- Participated in NCC camps, social service activities, and leadership training programs.
- Developed teamwork, discipline, communication, and time-management skills.
